THOUGHT FOR THE WEEK

"It is a riddle, wrapped in a mystery, inside an enigma."

This expression, originally used in 1939 by Winston Churchill, is typically used to describe something that is immensely puzzling or too complex to understand. The word "mystery" is often used in everyday speech. When we can't wrap our heads around something, we shrug and say: "it's a mystery to me" or "it's another of life's great mysteries."

As a child I often used to wonder about the religious meaning of "mystery." I remember someone telling me that is something is a mystery, it can never be fully understood, though that does not mean we should stop trying—like Jesus being fully human and fully divine (the incarnation), Jesus' death and resurrection (the Paschal mystery), and the three persons in one God (the Trinity.) It is this last mystery that we celebrate today.

One of the most poignant attempts to explain the Trinity came from C.S. Lewis, who reasoned that if God is love, then God must contain more than one person: "God is not a static thing—not even a person—but a dynamic, pulsating activity, a life, almost a kind of drama. Almost, if you will not think me irreverent, a kind of dance." The idea of the Trinity as a sort of divine dance is a good place to begin reflecting on this great mystery of God as a communion of love. In today's Gospel, we see that Jesus is comfortable with an element of mystery. He does not reveal anything to his disciples at once, as it "would be too much for you not." The full truth will be revealed later, when the Spirit comes. The more we reflect, the more we pray, the more we are open to the Spirit, the more we will understand about the great mystery of God as love.
